(a) The rules in this chapter implement the provisions of P.L. 1991, c.68, N.J.S.A. 45:14F-1 et seq., the "Real Estate Appraisers Act."

(b) This chapter shall apply to all persons applying for licensure as a licensed real estate appraiser or certification as a certified residential real estate appraiser or as a certified general real estate appraiser and to persons licensed or certified by the Board of Real Estate Appraisers in the State of New Jersey.

(c) Beginning on January 1, 2008, in order to implement the Real Property Appraiser Qualification Criteria (2008 Criteria) that goes into effect on that date, the Board has adopted the segmented approach, with a cut-off date of December 31, 2009. States are required to implement appraiser certification requirements that are no less stringent than those issued by the AQB in the Real Property Appraiser Qualification Criteria (Criteria), pursuant to the Financial Institutions Reform Recovery and Enforcement Act of 1989, 12 U.S.C. §3331 et seq. Certification requirements are broken down into three components: education, examination, and experience. The segmented approach requires an applicant to meet the Criteria in effect at the time he or she completes a particular component. Any component completed prior to January 1, 2008, would satisfy the current Criteria, while any component not completed by January 1, 2008, would have to conform to the 2008 Criteria. Any applicant for a license or certification who has not demonstrated completion of all three components by December 31, 2009 shall conform to the 2008 Criteria with regard to every component.
